FREE Digital Skills for Citizens Online.

COVID-19 has made us all much more aware of the power of digital technology. While many are benefiting or coping with the crisis through the help of digital technology, there is a large section of people who are missing out. **This free online course is aimed at people with little or no experience of using the internet.**

Getting online helps keep people connected and allows people greater independence and quality of life. This course helps teach the basics of using the internet including skype and video calling, online shopping, setting up email, using government services and lots more.

Pre booking essential. Contact Ballycommon Training Centre to book a place on 05793-53177

Master Covid by Una M Collins

And – what – Master Covid, have you achieved? A world subdued? A people humbled and afraid? Many, many deaths....So much loss, and loss and loss!

Was this your aim Master Covid?

But did you know

That God would move though each of the above?

That a subdued world is also blessed?

That a humbled people would stop and learn

That they could reach out in love

That they could hold each other as you passed through?

Because, Master Covid, you will pass on

But God will still be here

And we have learned, and learned, and learned

To really care....
